BOUDOIR BRIDES

For his eyes only

"Celebrate your curves"

With ever increasing popular Television programs like "HOW TO LOOK GOOD NAKED" more & more adventurous Brides are giving their future husbands a photographic surprise by way of a BOUDOIR BRIDE Shoot.

The idea is that the bride visits the studio about a month prior to her Wedding day, bringing her wedding lingerie, veil, tiara, wedding shoes, and maybe their honeymoon swim-wear or a favourite shirt or tie of the Grooms.

She is then pampered with hair & make done by our professional make team, while she relaxes with a glass of bubbly.

If the bride wishes to keep everything pristine until her special day we quite understand, so then we ask her to just bring along the lingerie that makes her feel that little bit special & will make the groom feel EXTRA special.

Together, we will create a collection of sensual, classy, but tasteful shots, that will fun to pose for, but even more fun when you present them to the groom.

We recommend that they give their Groom his present the day before your Wedding with a note – "Meet me at the altar!" He'll be skipping down the aisle!

All the images will be uploaded to her own private web gallery or supplied on a CD/DVD slideshow for viewing purposes.

Her favourite 20 images are then produced in a 24 page 8 x 8 in photo book, presented in a rigid black box tied with a burgundy ribbon.
